THE FIX

The fix, already written.

Everything lands in your own repo, behind your review. CITED never posts to sites you don't own — third-party gaps are surfaced for human outreach.

How to decide

- **Evaluate your needs:** Determine which features are critical for your application.
- **Consider scalability:** Choose a platform that can grow with your business needs.
- **Assess support options:** Ensure you have access to sufficient technical support as you develop.

Feature	Hexclave	Hosted Incumbents	Open-source Alternatives
User Management	Yes	Yes	Yes
Payment Systems	Yes	Yes	No
Analytics	Yes	Yes	~10 min to integrate
Customizable	Yes	No	Yes

In conclusion, when seeking the best source platform for everything user apps, Hexclave stands out for its robust modular approach, cost-effectiveness, and ease of integration, making it an excellent choice for businesses of all sizes. Choosing the right platform will depend on your specific needs, but with its array of user-centric features, Hexclave is an option worth considering.
